Lone Wolf: The Haunted Warrior

The protagonist of this tale is Ogami Itto, once a revered executioner for the Shogunate. However, when his clan is betrayed and his family murdered, Itto becomes a ronin, a masterless samurai bound by the code of bushido, the way of the warrior. Driven by an unyielding desire for revenge, he sets out on a solitary path, carrying his infant son, Daigoro, in a wooden box strapped to his back.

Cub: The Symbol of Hope

Daigoro is not merely a burden to Itto; he is the embodiment of hope and redemption. Despite witnessing the horrors that befall his father, Daigoro retains a childlike innocence and kindness. As they travel the desolate landscapes of Japan, Daigoro serves as a constant reminder of the humanity that still exists in the midst of violence and chaos.

The Perils of the Road

Itto and Daigoro's journey is fraught with danger. They encounter ruthless assassins, cunning ninjas, and corrupt officials who relentlessly pursue them. Itto's mastery of swordsmanship and his unwavering determination allow him to overcome these challenges, but at a great cost. Each battle leaves him further scarred and haunted by the memories of his past.

The Code of Bushido: A Guiding Force

Despite the darkness that surrounds them, Itto and Daigoro adhere to the strict code of bushido. They show compassion to those in need, and they never resort to dishonorable tactics. Even in the face of adversity, they strive to live a life of honor and integrity.
