Walpole argues that the Garden of Eden story is not a literal account of events, but rather a metaphor for the human experience. He says that the garden represents the state of innocence and perfection that all humans are born with. The tree of knowledge of good and evil represents the

temptation to sin, and the serpent represents the devil. When Adam and Eve eat from the tree, they are choosing to sin, and are thus expelled from the garden.

Walpole's interpretation of the Garden of Eden story is a refreshing and thought-provoking one. He challenges the traditional view of the story as a literal event, and offers a new way of understanding its meaning. His book is a must-read for anyone who is interested in the Bible, Christianity, or religion.
